Work in Progress Masonry Installation
Floor Preparation
VCT Installation
Painting

Present at Site Richard Creel, Paul Jackson & Son
Paul Purser, DBA

Observations Arriving on site, I entered the site through the North Hall Entry from our new addition. Paint work is ongoing in the existing hall and flooring installers are working there way here.

Masons were working in the bathrooms, finishing up block work, as the contractor is working towards completion of bathrooms before school start.

Items to Verify None

Action Required None
