Observations   I arrived on site and immediately met Austin Stults (PJ&S), Jeff Porter (PJ&S), & Brandon McKay, WGK were discussing site issues. Mr. Porter mentioned that the retaining wall was to be poured soon. He also said that demo was complete at the building's West Structure. They have water proofed with plywood and 6 mil plastic.

Upon entering the South hall, I noted paint labor was ongoing in many of the classrooms in this wing. Entering the West Hall, I also saw that demo was ongoing in the bathrooms 226 B&C.
