Observations On site, masons were working on our new fence. Installation is ongoing but workers are slowly making progress.

Inside, millwork has been installed. Installation is in progress and some adjustments are still needed.

Prep at the storefront entry at the upper floor is ongoing. Some leveling has been performed, but it appears that this is a process that may take several pours. Ceiling work has been completed in the library area outside of this entrance at the 3<sup>rd</sup> floor.

Site work is ongoing. Workers were installing forms for our new sidewalk.
